

# Your child's screening and immunisation information

**On 1 April 2022 the team that look after screening and immunisation information for children in Wiltshire are combining with the team in Bath & North East Somerset, Gloucestershire and Swindon.**

This newly-combined team from NHS South, Central and West (SCW) will help health professionals get up-to-date screening and immunisation details about the children they are caring for.

You and your child do not need to do anything differently, but if you have any questions, you can ask your health visitor or practice nurse.

**Find out more about us and how we keep your child's data safe:**
